ENGLISH TEACHING

9

Players choosing Football + English follow an English curriculum based on Liverpool Football Club each afternoon.

With an emphasis on verbal communication, teachers create a vibrant and engaging classroom where students build confidence to speak the language. Using a project-based approach to learning, students apply their language skills to real-world football scenarios such as coach interviews, debating a dream team and commentating on iconic LFC matches. English teachers and football coaches work closely together to ensure that

what is learnt in the classroom complements what is learnt on the pitch.

How it works

Before camp, an online test is taken to assess students' vocabulary and grammar. On arrival, teachers speak to each student to assess their level and place them in the right class. English is spoken throughout the camp, creating an immersive English learning environment. At the end of each week, teachers complete progress reports for each student along with some advice on how to improve their English at home.

What's included:

Up to 13 hours of English lessons per week

1:12 Teacher to student ratio (average)

Individual report to take home

LFC WORKSHOPS

10

Off the pitch, players on the Football Focus option follow a series of interactive daily workshops, designed for their age group, giving them a better understanding of the on-field training.

Workshop examples:

Match Analysis

Using video footage, players delve into the tactical and strategic side of Liverpool's game.

Player Analysis

Coaches provide players with insight into the social and psychological attributes that contribute to success.

Nutrition

Players learn how to fuel themselves and take away tips for optimal nutrition at home.
